

Title of Article: Africa's Leadership Challenges in the 21st century: A Nigerian Perspective

Author(s): Folarin, S.F.

Outlet: African Journal of Political Science and International Relations, Vol.7(1), April 2013, pp. 1-11

Date: 2014

Abstract: Leadership crisis in Africa is often seen from the point of view of the misdemeanour of various political rulers dotting the continental landscape. This paper sees it differently. It explores the fundamental cause of the misleadership parody, ranging from the personal capacity underdevelopment, to social-psychological and value deficiencies and misunderstandings that need to be addressed for Africa to be repositioned politically.
