Title of Article: Careers Educations: An effective Tool for Poverty Reduction

Author(s): Chinonye Okafor

Outlet: The Nigerian Journal of Guidance and Counseling, University of Ilorin Vol.: 18, No 1 Date of Publication: 2008

Abstract: The paper examined careers education as an effective tool for poverty reduction. The paper reviewed different theorist and contributors to career education development and it revealed that someone’s career and discipline determine the person’s mind set and hence poverty level. The paper recommended that government should formulate policies and programmes that will guide schools in designing their curricula so as to be more career education oriented for the alleviation of poverty in Nigeria.
