Outlet: Gender and Behaviour”, Ife Centre for Psychological Studies and University of Ibadan Vol.: 5, No. 1. Date of Publication: 2007

Abstract: The paper examined women entrepreneurship in Nigeria: challenges and prospects for quality of life. The paper established that there a positive relationship between entrepreneurship, employment and quality of life. It therefore recommended that for the stimulation of economic growth and population, there is need to have a complete overhaul of the modes of operation of the programmes designed to encourage or enhance participation of women in entrepreneurship.
