Title of Article: Basic concepts in culture In: P. A. Dopamu et al (eds.)

Author(s): P. A. Edewor

Date: 2003

Abstract: This paper clarifies the concept of culture and highlights its features. Material and non-material culture are explained together with the elements of culture including norms, values and beliefs. It elucidates such basic concepts as cultural universals, ethnocentrism, cultural relativism, culture shock, sub-culture, cultural integration and cultural lag.
