**Topic: Prayer and Fasting: Our Access to a Great Future**

### **Introduction**

If great future is what we desire, then we need to do something about it. Prayer and fasting are among the major things we do to effect the change.

Prayer and fasting are God's plan for us to have dominion in all areas of life.

They are also God's plan to make anything happen. Anything happens on the prayer altar.

### **Benefits of prayer and fasting**

1. Prayer and fasting guarantee us a great future. If a man works with God, he will be able to know about tomorrow. Nehemiah 1:1-4; 5:14.
2. Prayer and fasting guarantee triumph for us. 2Chronicles 20. There is nothing that cannot be settled on your knees. The knees that are bent before the Lord will not bend before man.
3. Prayer and fasting unleash divine favour. Divine favour puts what we cannot get into our hands. Favour removes sweat. Esther 4:1b, Esther 5:1-3
4. Prayer and fasting command supernatural breakthrough. Isaiah 58:6,8

### **Conclusion**

However, it is possible for someone to cut-off his destiny through unguarded appetite. "If you can't fast, then you will be slow". Genesis 25:29-34
