

## CHAPEL SERVICE MESSAGE

### Exploring the Breakthrough Power of Vision – Part 2

“Every child of God is a child of destiny,” University Chaplain, Pastor Charles Ehekwaba, stated on Tuesday, October 12, 2015 in his message titled, “Exploring the Breakthrough Power of Vision – Part 2.” He reminded faculty, staff and students, that the Bible is a lamp to our feet and a light to our path (Psalm 119:105).

Pastor Ehekwaba shared that we are the handiwork of God and we are designed to reflect His glory. In Hebrews 10:7, Jesus said that He came to do His Father’s will. Likewise, we are to do God’s will in the earth; not our own will.

He reminded everyone that we must have vision as mentioned in Proverbs 29:18 – “Where there is no vision, the people perish.” He emphasised the importance of dreaming, stating that if a person is not dreaming, “They will be swallowed up by the tentacles of frustration. If you don’t know your destination, any place will look like it.” He mentioned that a way that may appear to be right, may not necessarily be right (Proverbs 14:12).

Pastor Ehekwaba provided two steps for accessing God’s plan for our lives. The first of these steps is that we must be a man of the spirit. We must be born again.

The second step in accessing God’s plan is that we must be willing to be led. There were many people in the Bible who allowed the Lord to lead them. David was one such person. He enquired of the Lord, asking if he should go up and fight the Philistines. The Lord told David to go and that He would give him the victory. David obeyed God and subsequently defeated his enemy (2 Samuel 5:18-22).

The third way Pastor Ehekwaba said that we access God’s plan, is through allowing Him to work through us. God is faithful and His Word says that He will work His will in us (1 Thessalonians 5:24).
