Message: Unveiling the Breakthrough Power of Vision (Romans 8: 29 - 30).

Every man's future is not in his individual's plan, but in God's plans and purpose, and vision is the pathway for unveiling God's master plan for man (Proverbs 29:18). It takes a search to locate God's plan and purpose for one's life (Jeremiah 33:3).

By redemption, every child of God is redeemed to reign again in life (Revelation 5: 9 - 10), however, dominion and enthronement can only be in the appointed place as released through vision. It is redemption that empowers the redeemed to dominate in every sphere of human existence.

Embarking on a lifestyle of trial and error is wasting one's time and losing out on the purpose of being created.

1 Peter 2:9; 2 Peter 1:3 – A sense of destiny creates a sense of worth (Proverbs 23:7). The line of thought in the life of a man determines the outcome of his life. A sense of destiny delivers from mediocrity mentality; it provokes creativity and shares in the creation task of God. John 14:12 – it generates a life of impact.

Never call yourself by a name that your Maker has not called you, for as a man thinks so is he. A crude mentality cannot yield any benefit. A 'grasshopper mentality' can never command impact in the world: what you see yourself as is what determines the way the world will see you (Numbers 13:33).

BREAKTHROUGH FORCES THAT CHARACTERIZE VISION

1. When God leads He goes before the led – John 10: 4 – 5.
2. When God leads He goes with the led – Matthew 28:20; Hebrews 13: 5. However, there is need for man to be committed to the company of the One leading. To leave God is to head towards destruction.
3. When God leads He works with the led – Mark 16:20. He would not give you a vision that he cannot administer and bring to fruition.
4. When God leads He works through the led – John 10:14. When you don't ascribe the glory to God for the little accomplishment, you run the risk of stagnating in your assignment.
5. When God leads He works for you – 1 Thess. 5:24. When you handover the battle to God, triumph is guaranteed.
6. When God leads He protects the led from every evil – Exodus 23: 20 – 23; Genesis 20: 1, 4.
7. When God leads He renders the enemies before the led helpless – Psalm 23: 1, 5.

It takes an understanding of God's plan and purpose for impact to be generated in the life of a man.
