ECN222 Principles of Economics IV (Macro) (2 Units)

Department of Economics

Covenant University
1. **ECN222**

1.1. **ECN222 Principles of Economics IV (Macro) (2 Units)**

This is a continuation of ECO212. The course attempt to explain the determinants of the magnitudes of these aggregates and their rate of change over time. It looks at governments expenditure particularly in developing countries such as Nigeria (budget), taxation, monetary policy in determining the general level of economic activity under static and dynamic equilibrium. Pre-requisite: ECO121.
