ENG222 Introduction to English Morphology (2 Units)

Department of Languages

Covenant University
1. ENG222
1.1. ENG222 Introduction to English Morphology (2 Units)

This is a detailed study of word formation processes and the internal structure of words and morphemes in English. It will examine inflectional morphology (including identification of lexical categories and grammatical categories). Word formation processes in English: derivation, compounding, inversion, clipping, acronym, blending, back formation, reduplication, etc., will be studied.
