1.1. MAC330: Media Attachment (Industrial Training) (2 Units)

Students are expected to understand the operation of a media related organization particularly radio / television stations and newspaper / newsmagazine organizations, under a carefully monitored arrangement between the departments here at Covenant University and the host organization. On resumption at school each student gives a comprehensive account of his or her experiences in a written report. As soon as this becomes feasible, students will go with logbooks to be completed daily/weekly by the student and his/her industry-based supervisor.
