TMC511: Total Man Concept IX (1 Unit)

Department of Petroleum Engineering

Covenant University
1. TMC511
1.1. TMC511: Total Man Concept IX (1 Unit)

Profile Building (Part 1). The emphasis of this course is on experiential learning and it involves pulling together the main stands of TMC from 1st year to 41st Year. It will introduce a personal dimension by exploring the idea of service from a student centre learning perspective. There will be practical exercises, workshop, projects, and journal keeping and detailed character study.
