

## CHAPEL SERVICE MESSAGE

### **Exploring the Breakthrough Power of Vision – Part 4**

“You must be mature enough as Covenant University students, to know where God is moving,” the Chancellor, Dr David Oyedepo stated on Tuesday, October 27, 2015 in his message titled, “Exploring the Breakthrough Power of Vision – Part 4.” He reminded faculty, staff and students that as children of God, we all have a part in God’s divine plan.

He defined vision as the unfolding of God’s divine plan. It is God saying to us, “This is my divine agenda and I vow to perform it if you choose to believe it.” Habakkuk 2:2-4 reminds us that the vision will come into being at its appointed time.

“With every divine plan comes divine backup,” the Chancellor stated. He expounded that when we walk in God’s divine plan He will provide for us the protection that we need from our enemies (Isaiah 23:11, 12).

God’s vision for us is packaged in the Bible. “The Bible is God’s master plan for the redeemed,” Dr Oyedepo reminded faculty, staff and students alike.

Why do we need vision? The Chancellor explained that we need God’s platform so that we don’t fall into the enemy’s traps. “We must also learn to work in God’s divine plan according to His timing,” he shared.

The Chancellor shared that one of the important keys in accessing God’s divine plan for our lives is to be joyful. His plan only opens up to those who are joyful. “You can’t access the mountain of vision without a song in your heart,” he shared (Isaiah 30:29, 30).

The biblical proofs of true vision is that your protection is guaranteed (Exodus 23:30), your enemies are rendered helpless (Psalm 23:5), and you are entitled to carry His presence (Proverbs 18:14).
