

Understanding the Forces Of Success
A Message Delivered By Pastor Promise Omidiora
at Thursday Chapel Service, March 8, 2018

Engaging the laws of the spirit is key to supernatural success (Joshua 1:8; Romans 8:1). When we imbibe the Spirit, the flow of the supernatural is commanded without stress.

Every time we engage the spirit of God, the spiritual commands the physical effortlessly (Nehemiah 1:2). The challenges we face, like Nehemiah, should move us to God, not away from God. What is difficult for human beings is nothing to God.

When the Almighty is with you, everything is at your command. Those who beg God have no one else to beg (Nehemiah 2:4). No one strives with his maker and succeeds.

Each time we subscribe to the spirit we command supernatural breakthroughs without stress. It follows therefore, that our struggles are due to lack of spirituality (Nehemiah 2:4-9).

When we imbibe the spiritual consciously, we command the natural without stress. This is because spiritual laws are higher than natural laws and they govern all things (Isaiah 55:8-9). The ways and thoughts of God are beyond the comprehension of man.

Spiritual laws are higher in every way than natural or physical laws. Without God on your side, destiny is at risk.

What is Revelation?

Revelation is spiritual understanding of the truth, which empowers us for all-round success (Matthew 13:23). The word a man receives determines the kind of fruits he bears. If you will ever stand, then you must stand on the word of God which can never fail.

When you stand on the word, you always take the right decisions (2 Corinthians 2:14). Every knowledge and impartation of the word of God you receive can only lead you to victory.

Study the examples and you will floor the examiner. Define what you want and then identify the examples and it would be difficult to fail(1 Timothy 4:13-15). Meditating on the word is the secret for outstanding success.

You cannot leave your life to chance. You must live your life deliberately according to the precepts of the word of God. Revelation is the master key to a world of exploits.

We must always pay close attention to the word, it doesn't matter the situation. Always submit yourself and your situation to the authority of the word of God(Luke 5:1).

Your struggles are over!
